

Commissioner for Patents

REMARKS

Claims 1-12 remain in the application

Claims 13-21 are canceled from the application.

On page 2 of the Office action, the Examiner objects to the Information Disclosure Statements, stating that the two nonpatent-literature documents are missing the dates and years. Applicant herein resubmits page 3 of his Information Disclosure Statement filed on September 29, 2006, on which the appropriate corrections have been made.

Still on page 2 of the Office action, the Examiner objects to the abstract for use therein of the expression "*comprising*." The expression "*comprising*" is replaced by the expression "*has*," whereby the objection is moot. The Applicant also takes this opportunity to remove reference numerals from the abstract.

On page 5 of the Office action, the Applicant notes that claim 1-12 are allowed, while the other claims are rejected. Accordingly, claims 13-21 are canceled, whereby this application is now deemed to be in order for allowance.

In view of the above amendments and remarks, this application is considered to be in condition for allowance, and early notice to that effect is earnestly solicited.

Respectfully submitted,

Chau Thien Vo
